Beer Run: is a light-headed game of suspense. Can you catch the Artesians before the Guzzlers and Bouncers catch you? Enter the Sirius Building and find out!!!

Joyport™: The Joyport allows expansion of the Apple game paddle port to support four Apple paddles (with all buttons) or two Atari-type joysticks. (The Joyport does not allow use of Atari-type paddles.)

Dark Forest: Three of your kingdoms' most valued treasures are missing and you must comb the countryside to recover them. An adventurous game of strategy and conquest for up to six players!

Hadron: Hadron is a wild chase through a speeding asteroid belt. Fabulous 3-D effects actually allow your ship to duck behind asteroids while following enemy space craft to their home base.

Phantoms Five: Phantoms Five simulates a fighter-bomber mission in real time, three dimensional color graphics. While you try to make your bombing run you have to fight off enemy aircraft as well. With five levels of play there is plenty of action for the novice as well as the advanced player.

Jellyfish: KILLER JELLYFISH ATTACKS NUCLEAR RECOVERY SUB! While trying to remove nuclear waste capsules from the ocean floor, the U.S.S. Dogstar was attacked by giant Jellyfish and vicious Octopuses. "When we shot them, they just broke up into smaller pieces, stated the ship's Captain. Scientists suspect that nuclear leakage is responsible for the incredible behavior of these usually docile sea creatures. Another sub, possibly Soviet, was sighted during the undersea mission."

Fly Wars: Long, long ago, in a garage far, far away, there existed an Insect War. A brave alliance of underground Spider Fighters had challenged the tyranny and oppression of the Raygunites. Armed with B.S. (bug spray) and aided by Black-hearted Beetles, the Fly Fighters have wiped out all of the Alliance Fighters but one . . .

Cyclod: Cyclod (sī'klŏd) n., pl. cyclods. **1.** In Myopian legend, a cross between a clumsy mason and a one-eyed snake charmer. **2.** In Ophidian legend, the name of one of three bug-eyed brickfighters known as Mascara, Glaucoma, and Cornea. **3.** In Sirius legend, the video representation of a game wherein an eyeball fights snakes with bricks.

Audex: Audex is a collection of powerful utility programs that allow you to create sounds then shape them, edit them and play them back in your own Applesoft or Assembly language programs. A user manual is provided that includes many programming examples and complete instructions for using all the utility programs.

Minotaur: In ancient Greece, the King of Crete built a Labyrinth to contain Minotaur, the ferocious offspring of his wife with a bull. Theseus slew Minotaur and stopped the tribute of human sacrifices. Now you have a chance to take Theseus' place and re-live this classic story. Fight against Charon, the Momus, Dragons, Furies and other frightful creatures. Helping you will be Virgins, Wings and Elixer.

Kabul Spy: To: Kabul Spy From: S.S. HQ Mission: Find Professor Paul Eisenstadt — Captured in May of 1981, he is being held by the KGB somewhere in Northern Afghanistan. You will be given: a money belt, 300 Rubles, a small pistol, a sharp knife and . . . a cyanide pill. We will help you if we can. Caution advised.

Copts and Robbers: While searching for the tomb of the Pharoah Tuttut, you have accidentally fallen into a pit. On the wall a sign reads, "Those who came before you came to rob me; they all died. You will be trapped here for eternity unless you return the four jewels and the vase to the vault room."

Snake Byte: What has 48K BYTES and is addictive? SNAKE BYTE! A game that works like a charm. A tale of Perilous Purple Plums that's ahead of its time. A game you can sink your teeth into. An antidote for boredom. Snake Byte. Fangs alot, Sirius Software.

Twerps: Sirius does it again! Another whimsical, challenging game with a cast of top-starring characters. Meet Captain Twerp! Thrill at the shooting Orbiters! Be amazed by the swooping Glingas! Gasp in terror at the drooling Gleepnoks! A game you'll really want to tell all your friends about.

Computer Foosball: Now you can play Foosball in your pajamas! No more dressing up and braving the elements to get your kicks in a smoky, noisy arcade. Now, you and up to three of your friends can play Foosball at home. Divide into Grud and Robot teams and bash the ball around the screen. Have a Foosball slumber party. Save money on gas. Save money on drinks. Save money on clothes. Computer Foosball. We care about your comfort.

Borg: DERANGED GRUD TERRORIZES COUNTRYSIDE. Protected by Borg, the invincible Drageroo, and a notorious bank of dragons, the infamous Grud has surrounded his hide-out with electrified mazes. Can no one crack the code and rid us of this menace? — Sirius Press Service, Grudonia

Outpost: Logsheet — Wednesday: I am still alone and unarmed in the space outpost, and I am under attack by the Kamicosmic-Gruds. I have only the propulsion unit and the meteor shield to fight them, but they know about the base corners where no shield exists. Must end quickly, I hear exploding torpedos . . .

Pulsar II: An exciting unique two-game series that provides an incredible variety of play options. Each game part has eight levels of play and score can be transferred between the two. The object of the first part, "Pulsar," is to destroy the spinning shields around the pulsar and destroy it. The second part, "Wormwall," places you in one of the strangest mazes ever created.

Gorgon: The earth has entered a time warp ... and the battle has just begun. Strange creatures are appearing and some have been reported stealing people from the surface of the earth. As a fighter pilot you must defend the planet by destroying these creatures and saving the people who have been carried away.

Autobahn: Have you ever wanted to drive at 120, 160, or even 200 kilometers per hour? The Autobahn is the only place to travel that fast. This arcade game provides driving excitement through heavy traffic, puddles, dark tunnels (with headlights), and even includes an occasional fire truck to avoid.

E-Z Draw 3.3: The professional's tool for developing graphics images on the Apple II. Now including the Higher Text character generator by Ron and Darrel Aldrich and 20 different and imaginative font styles. Written by Jerry Jewell and Nasir Gebelli.

The Pascal Graphics Editor: A complete editing package for creating fonts, pictures, and partial images within the Apple Pascal environment. Includes powerful utilities for use in your own programs for drawing ellipses, triangles, parallelograms, moving or saving blocks and saving and loading of pictures to disk or to an array. This package is for the professional who needs advanced editing of graphics and the ability to define character sets of various styles and sizes.

Epoch: Explosive fast action with new 3-D effects. Complete with high speed docking and a time warp that is sure to give you vertigo. Playable with game paddles or joy stick.

Sneakers: Get ready for unending variety and fun as you stomp the Sneakers, Saucers, Fangs, H-Wings, Meteors, Scrambles, and Scrubs. Sneakers offers five levels of difficulty and awards bonus points to perfect players. Written by Mark Turmell.

Space Eggs: It will crack you up! This is a terrific arcade game that will have you hatching little spiders, wolves, lips and fuzzballs. Your problem is dealing with your creations. Each package includes a multi-color T-shirt iron-on that says, "I FRIED THE SPACE EGGS."

Orbitron: This game places you in the center of an orbiting space station protected by a revolving force shield. The object is to fight off enemy forces which attempt to place killer satellites in orbit around your station. And look out for the meteor showers!

Gamma Goblins: A "Bloody" good game for the true-blue game freak. A real heart stopper! Your mission is an exploratory operation (code name BLUE). Your purpose is to deliver whole blood to Hemophilia, a city in the sky, and return to Anemia base. This is an arcade game with great challenge and incredible variety.
